

The latest craze in riverboat gambling has only just begun. This one claims to be the first in Kansas City, located on the banks of the Missouri, once the scene of much local trade and commerce. With Sam's Town offering over 1,000 slot machines and nearly 50 table games, it may well be again Missouri, Closed.

There is a place has a lot of meteorites, people can see a lot kinds of meteorites. It's very interesting . Be specific. Where, what is the name?

There is a club of fools. Where, what is the name? They think that chicken is not animals but a kind of plant because chickens can lay eggs . so we can call chicken is eggplant.so is a kind of plant.

Kansas if famous at snow. Youngs (Young people) can come here for ski and to some romantic things. Where? Name?

There is a state fising lake at kingman it's very famous and not youngs but also olders (older persons come) caome here for fishing and travel.
