

**[TOPIC SENTENCE: things that college students would enjoy doing along Rt. 66 in Texas]**

**Welcome to Texas attractions. If you visit Texas, you can enjoy two great national parks. The first one is Alibates Flint Quarries National Monument, and the Second one is Big Bend National Park.**

**Alibates Flint Quarries National Monument is the only national monument in Texas. There are many flint rocks glittering like rainbow colors.**

**The second national park is Big Bend National Park. If you travel there, you can see the area round the desert, the river valley, and mountains. You can also enjoy leisure sports and camping like swimming, waked board, and hiking.**

**Through these two national parks, you will experience natural wonders and natural beauty.**

**Also, visiting the Space Center in Houston will be a good time for you. You can see several spaceships: Mercury, Gemini, and Apollo. Visitors can also see lunar rocks in that museum.**
